COSTA RICA, *an overview*

Eco-diversity like no other - Costa Rica encases 500,000 different species which account for roughly 4% of the world's plant, insect and wildlife species. Witness Sloths, Monkeys, Frogs, Snakes, Turtles, Iguanas, Humming Birds and so much more. Wander through tranquil bird-packed cloud forests and rich rainforests brimming with a plethora of spectacular wildlife. As well as its head-turning abundance of wildlife, this Central American paradise is famed for its never-ending activities, making it an adventure-seeker's dream; the vast array of activities widely on offer include Zip-lining, White-Water Rafting and Trekking. The incredibly beautiful east and west shores that run down the sides of Costa Rica display gorgeous paradise beaches lined with jungle, such as the secluded sandy stretches of the laid-back Caribbean coastline and the 'sun and surf' pacific stretches containing some great marine life. Become acquainted with the warm friendly locals, offering huge smiles, an easy-going manner and 'Pura Vida's. Despite receiving a heavy influx of tourists in recent years, there are still some extraordinary hidden gems and quiet spots to be found which will allow the more adventurous of tourists to experience nature, activities and culture that the typical tourists let pass them by.
