Overview

The Quirimbas Islands lie in the Indian Ocean off North Eastern Mozambique, close to Pemba, the capital of the province of Cabo Delgado. This archipelago was almost forgotten and has only recently opened up to the outside world. Life here is slow paced and charming. Thick mangrove forests, craggy tropical islands and a wild aquatic world make up this remote region. We explore this coastline fringed by tropical islands on a sturdy motorised 11- meter Arab dhow complete with experienced crew and a professional guide. You will have the option to kayak or sail into wild frontiers, an unequalled experience in one of the last undeveloped places in Africa.

The islands are well spaced and allow for excellent kayaking, dhow cruising, snorkeling, swimming and exploring. The entire archipelago is tide dependent and so your routing is carefully worked out based on local knowledge and weather and tide conditions.

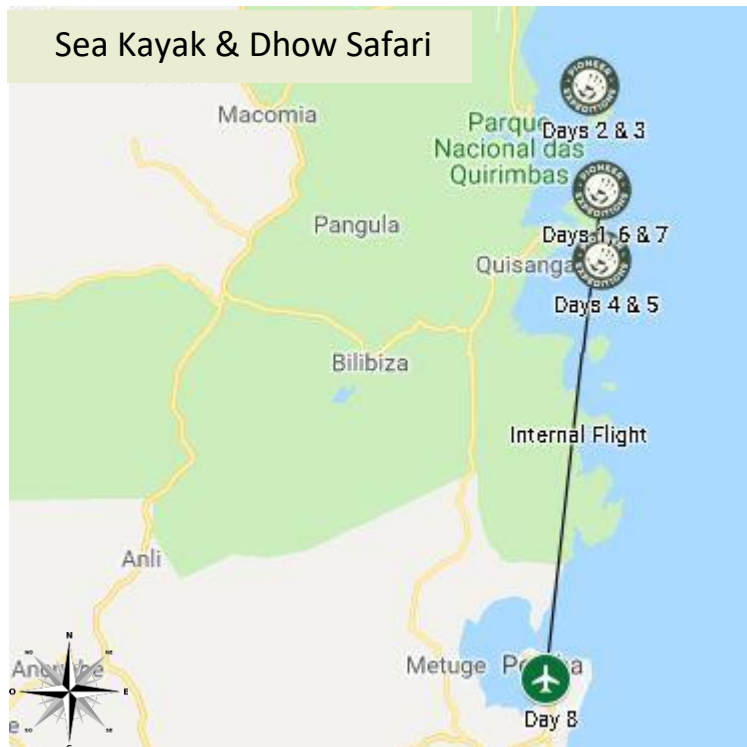

This adventure is true expedition style as we sail or kayak from one tropical island to another; beach stops are frequent, and we camp overnight on uninhabited islands. Your chef will conjure up fresh seafood and traditional cuisine over an open fire under the stars.

We end our adventure with some well deserved luxury at a beautiful island lodge.

Probably the most compelling attraction in the Quirimbas, Ibo's 200-year-old ghost town and 16th Century forts make for a fascinating journey to an era long forgotten. The Ibo Island guided Experience (included) provides a chance to interact with the amazingly friendly local people and observe their unique island culture and heritage and a way of life that has not changed for hundreds of years. Wander around the mysterious ruins amongst forts and ancient trade buildings with many fascinating stories just waiting to be told.

Ibo Island lodge has spectacular views over the waterfront and tidal bay and accommodates guests in beautifully simple yet elegant rooms. Historic colonial mansions with high ceilings have been stylishly renovated to accommodate the lodge with various verandas, tropical gardens and a spectacular roof top restaurant that provides the ideal venue to watch the sun go down. The emphasis at Ibo Island Lodge is a mix between guided activities and relaxation and a base from which to explore fascinating Ibo Island.

Guests will have ample time at magical Ibo to explore after the dhow safari as the safari returns to Ibo for days 6 and 7 of the itinerary

Overnight Lodge.

DAY 2 & 3: START OF DHOW/KAYAK SAFARI – ILHA DO IBO TO MATEMO (B,L,D)

You can either choose to stay aboard your dhow supported by crew with all camping equipment and supplies or kayak into the clearest of blue waters. The Quirimbas Archipelago offers a diverse and wonderland of sea kayaking experiences.

The ancient art of traditional dhow travel has been practiced in this region for centuries. Today it still remains the only way of travel between the islands and the last sailing trading dhow came to this part of Mozambique from India in 1969! Turquoise clear waters and beautiful scenery awaits you – as well as a host of local fishermen to meet and interact with along the way.

The islands are well spaced and allow for excellent kayaking, dhow cruising, snorkeling, swimming and exploring. The entire archipelago is tide dependent and so your routing will be carefully worked out based on local knowledge and weather and tide conditions.

Known by the locals as the island with the sacred lake it provides us with beautiful bird watching, pristine swimming off the sandbank beach and excellent snorkeling. Our mobile camp is set under the shade of trees and you usually have this magical uninhabited island to yourself!

DAY 6 & 7: QUIRIMBA ISLAND TO ILHA DO IBO (B,L,D)

You will continue your adventure on the turquoise water to head Ilha Do Ibo and your accommodation.

From our lodge it is perfect to start to explore the Quirimbas Archipelago National Park in Northern Mozambique. Steeped in history, rich in culture and nominated as a potential World Heritage Site, the island dates back to the early 1600's, making it one of the most ancient settlements in Mozambique. Since its role as one of the country's mighty trading centres, This historical place has remained all but forgotten to the outside world for almost a century. Today you can wander around the mysterious town amongst forts and ancient romantic buildings with many fascinating stories just waiting to be retold.

However there is much more than historical significance. This island is one of the most pristine destinations in Africa. The warm turquoise waters are inhabited by turtles and tropical fish; viewings of dolphins and whales are frequent whilst the bird life is abundant and varied. You will encounter idyllic beaches and explore rich coral reefs.

The lodge where you will be staying has prime, spectacular views over the waterfront and accommodates guests in beautifully yet simple decorated rooms. Historic colonial mansions with high ceilings have been stylishly renovated to accommodate the lodge with various verandas, tropical gardens and a spectacular roof top restaurant that provides the ideal venue to watch the sun go down. The emphasis at the lodge is on complete relaxation and a base from which to explore the magical places.

You will get the chance to immerse yourself in this unchanged, ancient culture and have the chance to interact with wonderfully hospitable islanders, or simply relax at one of the pools, refresh the senses with a massage and soak up the exotic atmosphere.
